## Code Dating Explanation

### Unit Code Dating:

First line coded with BEST USE BY MM/DD/YY date. Second line coded with a one digit plant identifier, six digit date-of-pack code date, and one digit shift designation. Depending on the package, the code date can be found on the carton, on the bottom of the canister or on the individual packet.

Example: BEST BY 10/27/22  
V102717-1 07:25

BEST BY = Expiration date in MM/DD/YY format  
V = Plant identification  
10= Month  
27= Day of Month  
17 = Year (2017)  
1 = 1st Shift of the day  
7:25 Military Time Stamp \* = only certain items will be time stamped. Look for asterick below

**Corrugate Code Dating:** Coded with a one digit plant identifier, six digit date of pack code date, and one digit shift designation. BEST USE BY MM/DD/YY format. Code date can be found on the long side of the case.
