HORMEL

HEALTH LABS

PRODUCT GUIDE

TABLE OF CONTENTS

At Hormel Health Labs we are inspired by contributing to the joy and well-being of our aging population through delicious, nutritious food products. Our dysphagia products allow individuals with swallowing difficulties to enjoy their favorite foods and beverages.

In addition, we have several nourishing options designed to add extra calories and protein to the diets of those who are not eating enough food.

We also provide many other quality products designed to help care providers meet the dietary needs of their residents and patients.

THICKENERS

HORMEL™ THICK & EASY® Instant Food & Beverage Thickeners are now available in 2 unique formulas.

Our **THICK & EASY® Instant Food & Beverage Thickeners** have been used for over 25 years. This product, produced from a modified corn starch, is routinely tested to assure it offers industry leading quality and performance in every serving. **HORMEL™ THICK & EASY® Instant Food & Beverage Thickener** is available in several packaging styles ranging from a 25 pound box to pre-portioned packets, designed for specific beverage consistencies.

THICK & EASY® Clear Instant Food & Beverage Thickener is a xanthan gum based thickener. This thickener was developed to improve the clarity and visual appeal of thickened liquids but it is also great for foods. **THICK & EASY® Clear** has very little color or flavor allowing foods and beverages to keep their natural flavors and aromas while being safer to eat and drink for those with dysphasia.

THICK & EASY® Coffee and Tea Sticks
Everyday pleasures — like a deliciously rich cup of coffee or a premium tea — can bring genuine comfort to those with swallowing difficulty. So we've further improved these two must-have beverage options. Both beverages provide a safe, reliable IDDSI consistency. Choose from Level 2 or Level 3.

SHAPE & SERVE® Thickener is an affordable way to offer great looking shaped pureed foods using foods on your current menu. Adding **SHAPE & SERVE® thickener** provides shape and texture to foods while enhancing the natural flavors. Shaping molds are available for a wide variety of foods so pureed diet plates look and taste fantastic.

for SWALLOWING DIFFICULTY

THICKENED BEVERAGES – READY TO SERVE

THICK & EASY® Clear Thickened juices and beverages are thickened using xanthan gum. This allows for best in class flavor and appearance while delivering reliable product consistency.

FEATURES:
- Appealing taste & appearance
- Available in two consistencies; IDDSI 2 Level and IDDSI 3 Level
- No high fructose corn syrup
- Reduced carbohydrates compared to other thickened beverages
- 1 year shelf life

BENEFITS:
- A dignified option for those with swallowing difficulty
- A refreshing drinking experience
- A time saver for care providers
- Assurance that the liquids are thickened correctly every time
- Diabetic options- HYDROLYTE® Thickened Water and Thickened Sugar Free Peach Mango Drink
- Options for low carbohydrate dietary needs

THICKENED DAIRY – READY TO SERVE

THICK & EASY® Dairy is our 2% reduced fat thickened milk which has that "real dairy" taste because it is packaged fresh. The thickened dairy products provide the same nutritional benefits as regular milk. Thickening dairy-based products can be difficult even for well trained staff. Our thickened milk allows you to provide a high-quality, consistent beverage every time.

for IMPROVED NUTRITION

Ready to Use

FORTIFIED NUTRITIONAL SHAKES

MED PASS® 2.0 Fortified Nutritional Shakes provide a convenient way to supplement calories and protein. Designed to be used as a medication pass drink, **MED PASS®** products deliver more nutrition than water, juice or milk. This additional intake can mean weight maintenance or weight gain. **MED PASS® Reduced Sugar** is a carbohydrate controlled formula ideal for many carbohydrate restricted diets.

FEATURES:

- Provides 120 calories and 5g of protein in 2 oz.
- Fortified with vitamins and minerals
- IDDSI Level 2 Mildly Thick - nectar consistency
- Shelf stable

BENEFITS:

- Patients or residents enjoy the creamy rich flavor
- Convenient on nursing carts
- Consumption easily monitored by nursing
- Eliminates waste associated with individual servings
- Readily accepted by residents

PROTEIN NUTRITION SHAKES

HORMEL VITAL CUISINE® 500 Shakes

FEATURES:

- 520 calories per serving
- 22 grams of protein per serving
- Use for involuntary weight loss, surgical recovery, injury or stress
- IDDSI Level 2 Mildly Thick - nectar consistency
- Flavor varieties include vanilla and chocolate

PROTEIN & AMINO ACID SOLUTION

HORMEL™ HEALTHY SHOT® Protein Supplement is a peach flavored clear beverage. A 2.5 fl oz serving supplies 100 calories and 24 grams of high quality protein. It is also fortified with a select nutrient blend that includes Vitamins A,C,D,E and folic acid. It is a supplement beverage for individuals who require the extra protein without all the calories and fluid volume. It is ideal for individuals with increased protein needs, during surgical recovery, trauma, wounds, cancer treatment and undergoing dialysis.

Protein, Calorie and Fiber Drink Mixes

L-EMENTAL® ARGININE DRINK MIX

HORMEL VITAL CUISINE® L-EMENTAL® Arginine Drink Mix is a blend of Arginine, Vitamin C, Vitamin E and Zinc. Arginine becomes conditionally essential during times of metabolic stress. It can be used for dietary management of pressure ulcer patients

FEATURES:
- 4.5 g of elemental Arginine per serving
- Fortified with Vitamin C and Vitamin E for antioxidant properties
- Conveniently packaged with one serving per packet

BENEFITS:
- Mixes easily with water, juices, carbonated beverages, or other clear liquids
- May help to maintain skin integrity

PROTEIN & CALORIE DRINK MIXES

HORMEL VITAL CUISINE® Instant Breakfast and Shake Mixes are a tasty way to supplement nutritional intake. These mixes are a good source of both protein and calories and are fortified with essential vitamins and minerals. Functionality is only the beginning; after one taste, you'll forget that these are nutritional mixes. **Hormel Vital Cuisine® Shake Mixes** offer simple "just add milk" preparation and are available in a variety of flavors.

PROTEIN & CALORIE FOOD SUPPLEMENTS

HORMEL VITAL CUISINE® PROPASS® Whey Protein Supplement Powder is designed to be added to foods and beverages or used in tube feedings, delivering 6g of protein per serving. This protein powder was manufactured to mix easily without clumping. It was formulated with limited color and flavor so when mixed with foods or beverages it results in a limited change to taste or appearance. The added high quality whey protein is ideal for adding extra dietary protein for pressure injuries or unintended weight loss.

MULTI MIX™ Calorie & Protein Supplement Mix is the original food first intervention to combat unintended weight loss. MULTI MIX™ supplement mix adds calories and proteins to foods while enhancing the flavor. This versatile option is great alternative to between meal supplements.

HORMEL VITAL CUISINE® FIBERBASICS® Instant Soluble Fiber Powder is a great product to use when diets need more fiber. Simply mix into ordinary foods or beverages and make any item a good source of fiber. Each serving adds 3 grams of fiber. This product is so soluble and well tolerated it is feasible to use 2 or 3 scoops in a beverage and create an enjoyable dietary intervention for digestive health. It also works well with feeding tubes.

PROTEIN & CALORIE SNACKS AND DESSERTS

MAGIC CUP® Dessert is a unique nutritional frozen novelty designed to delight patients or residents with it's creamy flavor. MAGIC CUP® desserts are ideal for dysphagia diets appearing ice cream-like when frozen and IDDSI level 4 when served chilled. Available in several flavors as well as reduced sugar.

FEATURES:
- Suitable for dysphagia diets
- Nutritionally dense

BENEFITS:
- Adds variety to supplement rotation
- Ideal to serve with meals as a dignified intervention for unintended weight loss.

LOW CALORIE & LOW SUGAR DESSERTS

SIN FREE® Sorbets are a great alternative to high calorie, high sugar desserts. These are a very well received frozen treat. At 40 calories per serving they can fit into any diet. **SIN FREE® Sorbets** allow diabetics and residents on weight controlled diets an opportunity to participate in snack time without feeling restricted.

FEATURES:
- Great tasting
- Easy to serve

BENEFITS:
- Fits into most any diet
- Works well with snack pass

HORMEL VITAL CUISINE® Instant Custard Mix is available in regular and reduced calorie options. They are tasty enough to be served to all residents and fulfill the diet requirement for your low calorie, diabetic and fat restricted diets. Hormel Vital Cuisine® Instant Custard Mix offers convenient, just add water directions, easy to serve, and can help with menu planning.

FEATURES:
- Reduced calorie option
- Rich flavor
- Easy menu planning
- Easy preparation

HERB-OX® BROTHS, GRAVIES, SOUP BASES & SAUCES

HERB-OX® Broth packets are widely recognized as the leading brand of instant broth in healthcare. **HERB-OX®** products are the perfect hydration alternative. Convenient single serve packets make a flavorful cup of broth. Suitable for clear liquid diets, **HERB-OX®** products can be placed on the serving tray as it is delivered to the patient's room. A functional dispenser carton also allows for nursing stations to keep **HERB-OX®** products on hand for use throughout the day.

If your menu is lacking the final touch, try adding a ladle of **HERB-OX® Reduced Sodium Gravies or Sauces** to your next meal. Perfect for a variety of diets including diabetic, low fat, pureed, and low sodium, these items are sure to be a hit. With a "just add water" formulation, these products will save both time and money in the kitchen as well. Perfect for use in stews, soups, pot pies or as a simple topping to a variety of menu items.

HERB-OX® Soup Bases are a convenient and versatile alternative to creating soups from scratch. Homemade taste without the sodium makes these items a winner. The packaging allows you to make as little or much as you need.

HERB-OX® High Protein Chicken Broth is extremely versatile and can fit into your menu plan in a variety of areas. It is perfect as a beverage, a soup or a change of pace snack.

Simple preparation - just add water
