**LUNCH/DINNER**

## About Thick & Easy® Shaped Purees

After difficult health events, proper nutrition is very important for recovery and a return to normalcy. We've worked very hard to create pureed foods that go beyond meeting the consistency needs of those challenged by dysphagia. We work diligently with chefs who understand swallowing issues, and are passionate about ensuring a great taste. We hope our meals provide some unexpected enjoyment to those experiencing life changes.

## A Message from Our Team

We at Hormel Health Labs are passionate about providing nourishment to people when they need it most. We know that food is more than a necessity — it is a central part of our daily lives. Food provides enjoyment, comfort, and brings us together with those we care about. Our mission is to help you get the nutrition you need through products that are tasty, convenient and familiar.

Swallowing difficulties create a lot of challenges, but we believe they should not prevent anyone from enjoying food that is nutritious and enjoyable. We strive every day to make your eating experience better and help you get back to normal. We truly hope this meal kit helps you do just that, and we welcome your thoughts on how we can be even more helpful.

Sincerely,

## PREPARATION INSTRUCTIONS

### STOVE TOP STEAMING (with steamer basket)

For all products excluding fruit & magic cup

[Silicone Steamer Baskets available on Amazon.com](#)

Place 1 quart of water in a large 4-6 quart saucepan.  
Place silicone steamer basket in pan.

Place desired shaped meats, vegetables, bread, eggs, French toast, pancakes or waffles (**maximum of 3 items**) in the silicone steamer basket.

Cover pan and bring water to a BOIL.

Reduce heat to LOW and STEAM (covered) for approximately **30 minutes** or until all products reach a minimum internal temperature of **165°F.\*\***

**NOTE** - Periodically check pan with water to make sure it does not run dry. Add additional water, if necessary.

Remove steamer basket from the pan. CAREFUL! HOT STEAM!

Let product stand for 5 minutes. Unmold products and serve.

**\*\*Stove tops will vary.** Cooking times given are approximate.

For best results, check the internal temperature of the product with a digital instant read thermometer.

**Always use a digital thermometer to test for doneness in the thickest portion of the product.**

## MICROWAVE 185° (from frozen state)

For waffles, pancakes, omelets, & sausages

PLACE individual tray in microwave FILM SIDE UP.

DO NOT PUNCTURE FILM.\*\*

COOK on 50% POWER for **1½ minutes**. DO NOT OVERCOOK.

LET STAND for 2 minutes.

**IMPORTANT** - Product must reach an internal temperature of **185°F**.

REMOVE film from tray; loosen product from the edges, invert onto a serving tray and gently tap until the product releases from the tray.

**\*\*COOKING TIP** - Before cooking, tap the mold until the product releases to avoid sticking to the mold during cooking.

**Always use a digital thermometer to test for doneness in the thickest portion of the product.**

**Instructions based on 1200 watt microwave.**

**All microwave ovens will vary, heating times given are approximate and may need to be adjusted based on the previous cooking experiences with your individual microwave.**

## PREPARATION INSTRUCTIONS

### MICROWAVE 165° (from frozen state)

For all vegetables, roast pork, chicken breast, roast beef, & roast turkey

PLACE individual tray in microwave FILM SIDE UP.

DO NOT PUNCTURE FILM.\*\*

COOK on 50% POWER for **2 minutes**. DO NOT OVERCOOK.

LET STAND for 2 minutes.

**IMPORTANT** – Product must reach an internal temperature of **165°F**.

REMOVE film from tray; loosen product from the edges, invert onto a serving tray and gently tap until the product releases from the tray.

**\*\*COOKING TIP** – Before cooking, tap the mold until the product releases to avoid sticking to the mold during cooking.

**Always use a digital thermometer to test for doneness in the thickest portion of the product.**

**Instructions based on 1200 watt microwave.**

**All microwave ovens will vary, heating times given are approximate and may need to be adjusted based on the previous cooking experiences with your individual microwave.**

## THAWING (from frozen state)

For all fruit products & Magic Cup

Thaw under refrigeration, film side up, for approximately **6 hours**.

Separate film from tray in one smooth motion.

Place product on surface with flat side facing up, tilt at a **90° angle**, and rap edge sharply on flat surface.

Press back of mold for release.

Serve at **40°F** or lower. Cover and refrigerate any unused portions.

Use within 3 days.

**NOTE** - Product will release from a frozen state. Thaw prior to serving.

### SIMPLE RECIPE SUGGESTIONS

Hot Turkey Sandwich

**Bread + Turkey + Gravy**

Eggs Benedict

**Omelet + Hollandaise Sauce**

Biscuits & Gravy

**Bread + Sausage Links + Smooth Country Gravy**

Strawberry Waffles & Whip Cream

**Waffles + Strawberry Syrup + Whipping Cream**
